BREEDING GUARANTEE:

To the best of our knowledge all Angus bulls selling are genetic-defect free either by pedigree or test. Carstens Farms guarantees all bulls sold are fertile and sound breeders. If a bull is proven to not be a breeder, he may be returned if healthy and in adequate condition. At no time is Carstens Farms Ltd liable for more than the bull's purchase price.

ALL BULLS ARE BVD & JOHNES FREE

BULL CARE AND TRUCKING ARRANGEMENTS:

We believe that it is much better for you to take your bulls home sale day or shortly after. This allows the bulls to become acclimated to their new environment and new owners. A \$150 per bull deduction will be subtracted from the price of all bulls taken home sale day. As a service to you, we will winter the bulls left at the farm free of charge until May 15, 2015. They will be semen checked and ready to be picked up by then. After the bulls are sold, they are your property and responsibility. We recommend mortality insurance for your bulls.

Dear Friends,

I want to personally invite everyone to our Bull Sale and Customer Appreciation Day at the farm on Monday, Feb. 16, 2015.

We will start serving lunch at 11:30 a.m. with the sale beginning at 1:00 p.m. The bulls will be penned for viewing that morning or you are welcome to view them at any time before that. Instead of the bulls going through a sale ring, a video of each bull will be used with the cattle being penned close to the sale area.

It is nice to see the cattleman finally being rewarded with good prices, especially after the high feed prices of 2012 and 2013. It is a great time to be in the cattle business!

Even if you don't need a bull this year, please join us on the 16th. It is our way of showing our appreciation to you for your past and future purchases.

If we can assist you in any way, please let us know.

Dean Carstens

Carstens Farms - A Program Backed By Proven Performance

Welcome to the 28th Annual Carstens Farms, LTD Performance-Tested Angus and Charolais Bull Sale. This annual event features some of the top performance genetics available in the region and the quality will run as deep in this bull offering as any bull sale this spring.

This tremendous set of bulls will feature sons and grandsons of the breed's most proven low birth AI sires available including the Carstens and Select Sires AI sire, Ellingson Scottsman 0100 also selling sons of Ellingson Identity 9104, SAV Priority, and other proven performance Angus sires. In the Charolais division there will be a superb set of Charolais bulls being offered that have that extra power and performance that you would expect with solid EPD profiles and backed by breed-leading maternal genetics - included will be sons of DA Balancer 807P ET and others.

One thing for certain is that both the Angus and Charolais bulls selling exemplify the performance genetics that their pedigrees indicate they should possess, they are sound footed, and packed full of red meat and muscle. So, if you are looking for a set of bulls that would add pounds and performance to a calf crop, this select group of bulls selling from the Carstens program will fit the bill.

It is a pleasure to be working with the Carstens family for the first time and invite you to contact me at any time if I can assist in going through the genetics that will be selling at 918-510-3464.

New this year for the Carstens Farms Performance-Tested Bull Sale will be the location- THE SALE WILL BE HELD AT THEIR FARM AND WILL BE A VIDEO SALE WITH ALL OF THE BULLS ON DISPLAY NEXT TO THE SALE BARN FOR YOU TO VIEW PRIOR TO THE BEGINNING OF THE SALE.

An exciting opportunity awaits and we look forward to seeing you in Adair, Iowa, on Presidents Day, Monday, Feb. 16, 2015 for this event.

Sincerely,

Rance Long
